

SOCIAL AND PERSONAL

THE GAY WORLD.

Dr. and Mrs. Gosselin entertained at dinner in honor of Dr. Lang who is en route for Minneapolis.

The "Hatchery Club" who last year were known as the "out-ers" are giving a dance in the Separate school hall December 29.

Mrs. Frank Smith is leaving after Christmas for a trip through the Crow's Nest country.

Mrs. Gordon Davis has gone east and will spend the holidays at his home in Hamilton.

Mr. Justice Macdonald who has been a guest of his daughter, Mrs. Jack Rogers, leaves today for Winnipeg.

Mr. Jack Rogers who has seriously ill at the Royal Alexandra hospital is recovering nicely.

Miss Helen McKillop has left for her home at Leithbridge to spend the yuletide with her mother, Mrs. Charles McKillop.

Miss Marjorie Poucher is arriving home from Red Deer today to spend the Christmas holidays with her father and

mother, Mr. and Mrs. Poucher, Seventh street.

Mr. and Mrs. Swainland, Victoria house, were the hosts of a dinner party Wednesday evening. Covers were laid for ten, the table being beautifully decorated with quantities of Richmond roses. The guests included Mr. and Mrs. Hensley, Mr. and Mrs. Richmond, Mr. and Mrs. Kenneth Macdonald and Mr. and Mrs. Steele.

The Catholic Women's League have furnished rooms to rent at the new hotel, 342 Eleventh street. For terms apply at the above address.

The Ladies Aid Minister show this evening at the Empire will no doubt draw a large crowd, as the program is surprisingly good and any number of debutantes in the dramatic line are to be presented.

ENGAGEMENT.
Mr. and Mrs. J. A. Gosselin, 724 Thirteenth street, announce the engagement of their daughter Violet to Arthur Davidson Dooling. The marriage will take place on Christmas day.

RECEITS.
The dramatic and vocal recital, including a cleverly edited "The Other Woman," given at the Empire last night by Mrs. Ethel Reese Harris and Miss Lotta Oatwell Fleming, was a very enjoyable entertainment. The sketch was delightfully clever and most artistically acted. It would seem almost impossible that so much wit and pathos could be condensed into such a small space, but Mrs. Kinsley, the author, has certainly managed to portray that two women and their respective love stories can be more attractive than the same two women making love to the lover.

Miss Fleming has a remarkably pleasant voice and speaks so distinctly that no point is lost, and besides is very much at home on the stage and is far from being amateurish.

Mrs. Burns of course was exceptional.

FASHIONS AND FANCIES

For Croupy Children Keep 'Nerviline' Handy

It Positively Brings Children Out of Danger and Relieves at Once.

A MOTHER TELLS HER EXPERIENCE

"Bringing up young children has its responsibilities under the best of circumstances," writes Mrs. E. F. Fagan of Holmes' Corner, "but croupy caddis add considerably to the worry. My little family of four all went through the croupy era, but I always had Nerviline on hand and never felt nervous. I just followed the directions, and I can tell you that nothing I know of is safer to cure croupy caddis than Nerviline."

"In our home we use Nerviline frequently. For cold in the chest, pleurisy, hoarseness, etc. it is simply wonderful. My husband uses it for neuritis and sick headache. Nerviline is the most useful and most economical remedy I know of."

The large family size bottle, which sells for 25c, is the most economical. Try it today. The Nerviline Co., Buffalo, N.Y.

"TWENTY MINUTES IN CHINATOWN" PANTAGES

Headliner for Next Week Bares Side of Life Very Few Have Seen.

Revenge is the theme of the great melodrama which is called "Twenty Minutes in Chinatown," and which headlines the bill for next week at the O'Leary Theatre. It deals with a Tong or family war in the heart of Chinatown in San Francisco, and has never been shown in this city. The story is a masterpiece of the author, Walter Montague, a one-time police reporter, and who gained from his many trips through the underworld of the Chinese life of the Orient. The play is a masterpiece of the author, Walter Montague, a one-time police reporter, and who gained from his many trips through the underworld of the Chinese life of the Orient.

JAPANESE AND AMERICAN PLAYERS IN PHOTO-PLAY

The Oath of O'Suara San at the Bijou Today and Tomorrow.

A play that is acted by both Japanese and American players in a drama that is a masterpiece of the author, Walter Montague, a one-time police reporter, and who gained from his many trips through the underworld of the Chinese life of the Orient.

"MYSTERY OF THE SILVER SKULL" AT THE EMPRESS

Wicked Plot to Compel Marriage of Vicious Reprobate and Lovely Girl.

As previously announced by the Empress management, the special attraction for Friday's program would be Marie Costello the distinguished motion picture player with the famous Vitaphone company who are presenting "The Mystery of the Silver Skull," a drama that has been a wicked plot to compel the marriage of a girl. The villain of the piece is a man of the underworld who has been a wicked plot to compel the marriage of a girl.

"THE MISTERY OF THE SILVER SKULL"

A Drama that will hold you spellbound

NEW COUNCIL WILL BE ASKED TO VOTE \$25,000 FOR WORK

(Continued from Page One.)

that it possible the sanction of the new council might be secured and this money voted for the work at a special meeting of the present council, which has been called for tomorrow morning at 10 o'clock.

The special committee which met

this morning and completed many plans for the work to be done during the winter months, consists of acting mayor Smith, Aldermen Collier and Driscoll, Messrs. A. T. Cushing, John A. McDonald and A. F. Farrell, these gentlemen representing the Canadian Welfare League. The city commissioners also met with the committee and

assisted in formulating plans for the scheme. Alderman Driscoll was the only member not present.

The committee asked to interview the members of the new council consists of acting mayor Smith, Aldermen Collier and Messrs. Cushing and McDonald. They will get their draft of the proposed plan into shape this afternoon and present it to the board tomorrow morning.

Among other matters decided this morning, it was unanimously agreed that the committee be authorized to issue the press calling the attention of the property owners in the city to the fact that this committee is now endeavoring to find employment for those who are needy in the city and that if such property owners will forward \$25,000 to the committee all lots will be cleared and burned for this sum per lot, providing the lots do not exceed 7,500 square feet. Where there is any timber suitable for wood the city will have the then cut this up and sell it or give it to those who may be in need.

Channel of Work.

An effort will be made by the committee to interest the Hudson's Bay company so that all their property in the reserve may be cleared off in this manner, thus providing work for a large number of unemployed.

The committee discussed several ways of creating channels of work into which may be turned those seeking employment and also outlined the methods to be pursued in awarding the work.

The general conditions are that all those out of work must first make application to the office of T. M. Turnbull, whose office is across the street from the police office, where a special man will be charged to get all the information necessary from the applicants.

This information will contain the names, how long in the city, married or single, number of children, the family, how long in Canada, how long residing in the city, where worked last, and the names of two responsible parties.

These cards will be come over every evening by a sub-committee of the larger committee, consisting of acting mayor Smith, A. T. Cushing and Chief Carpenter. The chief's name has been added to this committee as it was thought that he would have very much valuable information and could get additional data very quickly, thus aiding in placing those most needed cases in a position to earn a livelihood.

It is contemplated that there will probably be more applications than can be taken care of, hence a motion was passed to the effect that only five hours a day be allowed to each person at the rate of 20 cents an hour. There are still more men than can be taken care of according to this arrangement then they will be asked to take turns. Those put to work one week will make room for another crowd the next week and so on.

First Work Planned.

The first work to be taken up will be the clearing of lots, burning out of streets and parks in the city. This will commence at once if the council pass the appropriation at the special meeting tomorrow.

Another good suggestion was made by Alderman Collier who strongly urged the committee to go into the wood business. He contended that a large number of those seeking work are skilled with the saw and the axe and if the city secures the right to cut and clear some large areas, the business could be made to at least break even and would provide work for very many of those who are seeking it. Another good point about this scheme is that it would provide work for many who only means of support is as a team or teams and under present conditions they find it hard to get work for their teams. If such an arrangement could be made the most skilled men could be sent out to the woods and the wood hauled into the city where it could be stored up and split and piled by those less experienced, thus giving employment to very many men.

The suggestion was made that the city might consider the entire clearing of the city farms, but this was opposed on the ground that the timber there is being reserved to provide work for men during many winters. It was suggested that Alderman Collier and A. T. Cushing were appointed a committee to go into the scheme and report to the full committee at the next meeting.

Another committee consisting of A. T. Cushing and F. Farrell was appointed to communicate with the various railroads and the dominion and provincial governments with a view to getting as many men as possible out into the woods, either on railroad work or the cutting of ties and timbers for other purposes. It was suggested that they also interview Premier Balfour and J. W. McArthur with the suggestion that if possible some of the work on clearing this end of the right of way of the A. & G. W. might be started during the winter. The committee took the view that the railroads are responsible for bringing many of these men into the country and there is at least a moral obligation on their part to assist in helping to keep them busy.

As far as the applications for work are received they will be dealt with and the sub-committee named above will meet every evening and deal with the cases which should be given first consideration. There will be four general divisions, first married men having families under 16 years of age; second, married men without families; or single men who are supporting in the city or more members of the family and have resided over six months in the city; third, unmarried men living in the city over six months; fourth, unmarried men who have resided in the city for a shorter period than six months.

The committee will also endeavor to get in touch through friends with those who may be in need of assistance and get as far as possible to come to the office and put in a formal application for work or assistance if they are unable to do so. With such an organization the committee expects to be in a position to take care of the citizens so that there will be the least possible number out of work during the winter months. It is also suggested that the sewer work be continued through the

A LOVELY FACE—BUT UGLY HAIR

How often you see an otherwise lovely face spoiled by homely hair—a face that would be most charmingly beautiful if the only hair upon her head was a "pity"—and how foolish! Because that ugly hair, stringy, dull, lifeless looking, though it may be, can be made as glossy, soft, silky and beautiful as the heart could desire if only taken proper care of.

Harmony Hair Beautifier is just what it is needed—a hair beautifier. It is not a hair dye, or hair oil—it is just a daily, rose-perfumed liquid dressing to give the hair its natural gloss and brightness. Its natural way softness, its natural rich beauty. Very easy to apply—simply sprinkle a little on your hair each time before washing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather, does not immediately penetrate to every part of hair and scalp, leaving a quick and thorough cleaning. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair, leaves no hairiness or stiffness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with spritzer tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Royal Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony Laboratories, Toronto, where the celebrated Harmony Perfumes and Toilet Preparation, 512 Jasper St.

Winter if possible, the city to bear the difference in cost between the cost of construction in winter and in summer. This matter will be further discussed at a later meeting of the committee.

ROYAL BANK HAS SUCCESSFUL YEAR

Maintains Strong Position When Demands are Unusually Heavy.

Montreal, Dec. 19.—The Royal Bank of Canada, which has forwarded to shareholders its annual statement for the year ending November 29, 1913, has made a record for the year. Of special interest to shareholders, in addition to the attractive profits that have been made, will be the special financial position the bank has maintained itself at a time when demands from its customers and the conditions that have prevailed have been undoubtedly unusually heavy.

It is the first full year the Royal Bank has completed since its absorption of the Prudential. The net profits for the year amounted to \$2,142,100.22, equivalent to slightly over 18.2 per cent. of capital. The net profits of the previous year stood at the balance of profit and loss \$2,072,319.58, and the net profits of the year, made an amount available for distribution of \$2,573,319.58. The dividends at the rate of 12 per cent. per annum total \$1,387,700; \$100,000 was applied to provision funds; \$250,000 written off bank premises, leaving an amount of \$1,037,700 to be carried forward to the balance of profit and loss account.

The liquid assets at the end of the year amounted to \$72,235,711. This is equivalent to 46.66 per cent. of the total liabilities and the proportion of actual cash reserves standing at their highest total of 13.83 per cent. Deposits bearing interest stand at \$1,296,872, and the bank has an interest at \$26,276,711.69, bringing the total deposits up to \$13,177,662.47.

SOCIALISTS DON'T APPROVE.—Barnes, Dec. 19.—The chamber of deputies by a vote of 262 to 99 approved today the reply to the speech from the throne. Those who voted against the approval were, for the most part, socialists. Fourteen deputies abstained from voting.

Troubled With Weak Back and Kidneys For 10 Years.

Many people fail to understand the significance of a lame, weak, sore or aching back. When the back aches or becomes weak it is a warning that the kidneys are don't do this, serious complications are sure to arise and perhaps develop into dropsy, Bright's or Bright's disease, the three most deadly forms of kidney trouble.

Don't let kidney pills strengthen the weak back, and prevent any form of kidney trouble entering the system. Mrs. E. J. Boyer, Nekoma, Ark., writes: "I have been troubled with weak back and kidneys. I had terrible dizzy headaches, could not sleep at night. In this way I suffered for ten years, until I read about Don's Kidney Pills. I purchased two boxes, and they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since."

Don's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all druggists, or mailed direct on receipt of price to The T. Millburn Co., Limited, Toronto, Ont.

If ordering direct specify "Don's."

PONKA ALIENIST DISAGREES WITH OTHER DOCTORS

(Continued from Page One.)

that he died from some other cause than that of the fact that at the post mortem on Hutton's body, just before the inquest, the brain had been found to be normal and a recent accidental death had been purely a consequence of this fact.

The cross examination was conducted by O. M. Biggar, K.C., who devoted the remainder of the morning to an attempt to weaken the evidence given by the defence's witness. At this stage the questions and answers were of an exceedingly technical nature, one authority after another being called into play for the purpose of proving that the authorities which the witness had quoted and his own experience were not conclusive. Two medical authorities were cited to show that there was also a form of paresis in which the victim is subject to deep depression and even to despair verging on suicide. Witness in reply insisted that such cases had been decidedly the exception in his experience.

In view of the fact that Hutton had died when apparently far from being physically incapacitated, Mr. Biggar asked witness whether he had seen cases in his own experience where parietic had died before the last stages of emaciation and exhaustion had set in. The alienist stated that such cases were rare exceptions.

"Your doctor," continued the plaintiff's counsel, "in diagnosing a case of this kind would you not require a complete history of the man's life for a long period preceding, before you could be sure?" The witness replied in the affirmative. "Would it not be very difficult," Mr. Biggar went on to ask: "To tell whether a sane or an insane man directed any particular act in the very early stages of the disease?"

"Yes," answered Dr. Dawson, "it would be very difficult."

In conclusion Mr. Biggar asked the doctor whether in post mortems on the brains of those who had died from paresis it was possible that the brain might not show the usual evidence of the disease, especially if the death occurred in the early stages, as was the case with the deceased, assuming he had had paresis. In answer to this question Dr. Dawson said he could not recall a death from paresis in his early stages, deaths in such cases according to his experience being due to other causes.

Mr. Biggar concluded his cross-examination in an endeavor to shake the doctor's evidence regarding the reliability of post mortem examinations of the brains in determining the cause of death and the case was adjourned until the afternoon.

There are about seven witnesses yet to be called by the defence and it is expected that the hearings will not be finished before tomorrow night.

NEWS OF THE CITY

Three Thousand on Lake.—It is estimated that over 3,000 people attended the carnival that was held last night on the lake. Some very good costumes and make ups were seen at the carnival and it was a hard task to decide the winners.

Academy of Medicine.—A meeting of the academy of medicine was held last night, in the academy of medicine, at the city hall. An advisory committee was appointed to confer with the Edmonton Board of Health and the city council on the subject of the academy. The academy is making application for articles of incorporation.

College Sunday School.—A delegation of 15 was sent last night to the concert given by the Alberta college of education, at the city hall. The sum of \$42 was received by the collection and this sum will be donated to the strathcona hospital for the forming of a child's cot. Stockings were distributed among the children and parents and after the money had been taken in they were hung on the tree. The program was enjoyed by all and was given by the girls from the German school under the direction of Mrs. Hicks was very good.

Heavy Dew.—Publicity Commissioner Matthews recently discovered in the vicinity of this a tree of ovals weighing three tons, the respective weight of these two brothers being 2,000 pounds and 2,010, the heaviest of these two weighs just a few pounds less than the largest tree that was shown at the international show, and as they are said to be in perfect condition that they would possibly be of use in the future. They are now being put into their best condition to be exhibited at the fair stock show to be held in Calgary.

Special Meeting.—Notices are being sent out today calling a special meeting of the city council for Saturday morning at 10 o'clock. At this meeting the report of the special relief committee will be considered and the Police act agreement received in connection with a loan which may be given its first and second reading. Any other matters of importance may also be dealt with at this meeting.

CARDINAL SEBASTIAN IS SERIOUSLY ILL

Former Papal Delegate to the United States Very Ill at Rome.

Rome, Dec. 19.—Cardinal Sebastian, Marcellini, who was papal delegate to the United States from 1895 to 1892 is seriously ill.

The cardinal, who is 65 years of age, is priest of the sacred congregation of rites.

Chicago, Dec. 19.—The wheat market during the first hour or so of business was fairly active at weaker prices. Preceding close there was a heavy break in the price owing to the flood situation in the West. The market was quiet for the remainder of the day.

The wheat prices were caused by lower Liverpool cables, eastern American markets on board government reports and Chicago export market being less firm. Winnipeg 50 to 55 cents lower for May and July and closed to 10 cents lower. The Chicago opened 1/2 to 3/4 lower and closed to 1/2 lower. At Minneapolis the market opened 1/2 lower for May and July and closed to 1/2 lower. The Chicago opened 1/2 to 3/4 lower and closed to 1/2 lower. At Minneapolis the market opened 1/2 lower for May and July and closed to 1/2 lower.

The cash demand for No. 2 northern fall wheat was fair with prices easier. The market was quiet for the remainder of the day. The cash demand for No. 2 northern fall wheat was fair with prices easier. The market was quiet for the remainder of the day.

FOR IMPROVING HIGHWAYS, Toronto, Dec. 19.—Good roads became the subject of a fiery argument at the annual meeting of the Dominion Grange Thursday. Differences of opinion were shouted by delegates, but the discussion was brought forcibly to an end through shortage of time and a committee was formed, consisting of Messrs. Jackson, John Michael, J. C. Lethbridge, and James McFowling to submit a recommendation this afternoon as to what they thought was the best plan for the Ontario government to adopt in improving the highways of the province.

WITH LIEUTENANT-GOVERNOR, Regina, Dec. 19.—Power of proclamation to prohibit the importation of liquor into the settlements of the northern hinterland will be vested in the lieutenant-governor in council under the terms of an amendment to the liquor license act carried in committee today.

CITY INDEPENDENT HOCKEY LEAGUE HOLD BIG MEETING

Six Teams Chosen, Officers Elected and Schedule Drawn Up—First Game December 19.

A meeting was held last night in the interests of the Independent Hockey League of this city. Officers were elected, teams chosen and schedule drawn up. The league will be composed of six teams, namely, Capitals, McTavish, Ish, Hustlers, Post Office, Excelsiors and Deavers. A motion was passed that the league play under the rules of the A.A.U. No player can take part in any intermediate or senior game in the province. A deposit of \$10.00 must be made by each team to the secretary of the league, in case of non-appearance at any game. Mr. I. D. Carreau was elected secretary of the league. Other officers elected were: Honorary President, Hon. Frank Oliver; Honorary Vice-President, M. R. Jennings; President, J. C. McTavish.

The Post Office team will open the league against McTavish on Friday, December 19. A game has been laid down whereby the home team must supply the referee and puck and so getting the tie, while the visiting team supplies the referee and puck. The league is composed of some players quite fast enough to play provided hockey, and it is quite likely that teams will cheer from the league to play the winners of the northern provincial league. Thanks are due Mr. C. E. Morris and Mr. Schultz for drawing up the following schedule and showing great interest in the league.

TEAMS	McTavish	Post Office	Canadians	Hustlers	Excelsiors	Deavers
McTavish vs. Post Office	SOME	Dec. 19	Jan. 16	Dec. 29	Jan. 23	Jan. 7
